Mijn leer, Sol became a son of God

A basin near the holy margin of the bird's mound:

just in the deep, lastly, and before midday in the

cauldron of the sun, 

as he passed, he saw, 

a beast of death 

with the sun shining on its head. 

All around his body, 

in the dark sea, 

he saw the world end, 

before he died. 

As he passed, he saw, 

the sun shining on his head. 

and the world ended, 

before he died.
